

Go abroad and develop yourself with Abroad Consulting in Vilnius!

It's got charming narrow streets, a beautiful old town, an abundance of history, epic views, a thriving coffee shop scene, some great street art and is **the capital of Lithuania: Vilnius!** Yes, we know it is not very high on the popular destination lists, but after you were there, you will actually feel kind of surprised that you had never considered it before. Its Jewish influence through history has led to it being described as the "Jerusalem of Lithuania" and the city thus offers many sightseeing options, but also the more active among us will not get bored, as the surrounding nature offers lots of biking and hiking opportunities. On top of that, Vilnius is one of the cheapest cities in the EU, perfect for a small student's budget. Being part of euro-land since 2015, Vilnius is one of the largest financial centre of the Baltic states and overall economy developing in a fast pace: the perfect surrounding for an exchange or internship!

Interested in visiting Vilnius with us? Abroad Consulting can organize your tailored study trip to Vilnius based on Erasmus+ scholarships.

In Vilnius* we offer...

- internships in various business areas, such as administration, marketing, restaurants, hotels, kindergartens..
- language courses for groups in small, closed courses
- job shadowing - we visit companies in small groups to follow the daily routine of the company
- language courses in combination with job shadowing/ internships.

Abroad Consulting also arranges a place to stay for students and their teachers/ tutors. We are in good contact with various guest families, youth hostels and apartments and will always find a fitting solution for your stay in Vilnius together with our partners.

Our Abroad Consulting team gained its competency working in the Erasmus+ field of student mobility over the last 8 years and is your stable partner for student mobilities!
