

Go abroad and develop yourself with Abroad Consulting in Berlin!

"Berlin – the place to be" is the city's slogan, and boy, is that correct!! In the lush Berlin summers we relax in the historic Lustgarten of the Museum Island in the middle of century-old buildings or do a guided boat trip on the Spree or Havel rivers. In winter we spend our time on the countless Christmas markets and go shopping. And of course sightseeing and visiting any of the more than 175 museums Berlin has to offer is always on our program, from the Allied Museum to the old Zitadelle (Citadel) of Spandau. With its impressive history on the one hand and its cool, slightly raw, modern style, Berlin is always well worth a visit!

Especially among students, a visit to Berlin is high on the wish list. Abroad Consulting can organize your tailored study trip to Berlin based on Erasmus+ scholarships.
