

Go abroad and develop yourself with Abroad Consulting in Prague!

In the snowy winter or in the hot summer months, **the wonderful city of Prague is always well worth a visit!** Personally, we fell in love with Prague in the winter, when the city was lightened up all cozy and we strolled through the old winter-wonderland city center, a delicious filling meal waiting for us on every corner. (Beef stew! Czech knödel dumplings!) But when we came back in summer, we were not disappointed. After visiting the beautiful and huge castle, we enjoyed a drink in the park on Střelecký Island in the middle of the Vlatvariver and loved Prague even more. On top of that you will find many cultural activities and lots of shopping possibilities. Moreover, being the capital and biggest city of the Czech Republic, Prague economic center of Central Europe and was named as a high-quality focus city for innovation across multiple sectors of the global innovation economy.

Interested in visiting Prague? Abroad Consulting can organize your tailored study trip to Prague based on Erasmus+ scholarships.

In Prague* we offer...

- internships in various business areas, such as administration, marketing, restaurants, hotels, kindergartens..
- language courses for groups in small, closed courses
