

## Go abroad and develop yourself with Abroad Consulting in London!

Attracting 27 million visitors every year, London is the most visited city in Europe. But don't be afraid of overcrowding: split into the vibrant and distinctive areas of North, West, South and East London, as well as Central London, there is always something to do in every corner of the city! Even when you are on a tight student's budget, London has lots to offer. To start with, all the museums are for free and the city has many parks (including cute squirrels) to discover. Feel like doing something more adventurous? Lee Valley White Water Centre (London 2012 Olympic Games) is open to the public for adrenaline-fuelled white-water rafting, canoeing and kayaking sessions (not for free). Not only is the city one cultural highlight, it is also the UK's economic stronghold, generating 20% of the country's GDP. Finding a fitting internship will thus never be hard in this exciting city!

Especially among students, a visit to London is high on the wish list. Abroad Consulting can organize your tailored study trip to London based on Erasmus+ scholarships.
