

## Go abroad and develop yourself with Abroad Consulting in Thessaloniki!

Friendly, beautiful and with a wealth of cultural attractions, **we present you Thessaloniki!** The city is located on the Aegean Sea and profits from a mild climate, which people have been enjoying since around 315 BC (!), when the city was founded. Rich with cultural and historical highlights, you definitely don't want to miss a visit to the White Tower and the Archaeological Museum of Thessaloniki. But also more unusual sights are worth a visit, such as the Ruins of Rentina or the Train Cemetery. And when you just want to relax, many beaches can be found around the city (try Agia Triada beach and Epanomi beach). Or explore the world of delicious Greek food on Thessaloniki's food markets! But Thessaloniki is also Greece's second major economic, industrial, commercial and political center and a major transportation hub for Greece and southeastern Europe, especially through the Port of Thessaloniki.

Interested in visiting Thessaloniki? Abroad Consulting can organize your tailored study trip to Thessaloniki based on Erasmus+ scholarships.
